### Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

Collection of individual student communication data and analysis of this by the school's Speech Language Pathologist.

Engagement of additional specialist educators to support the teachers in their understanding and ability to recognize communication efforts presented by students with multiple impairments.

Purchase of specialized learning tools and resources – PODD Direct Access Templates and CHAT-Now Manual and CD Bundle.

Provision of professional development opportunities for all staff including teacher-aides.

Organisation of interstate presenter for 2 of the student free days starting in January 2015 for all classroom staff.
