

Investing for Success

Under this agreement for 2018

Narbethong State Special School will receive

\$32,519*

This funding will be used to:

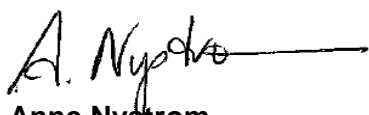

- investigate and assess the specific communication method preferred by and recommended for each student
- provide ongoing learning opportunities for our students who are emerging communicators
- provide the necessary resources to ensure students have access to individualised communication tools
- train additional staff in the production of resources
- introduce the principles of wellbeing that encompass yoga.

Our initiatives include:

- building teacher capability to use communication technology to differentiate and improve learning opportunities via specific professional development (IT communication devices and PODD)
- the provision of training for parents in communication devices/methods used to support communicative learners
- reviewing data for student engagement and performance to inform ICPs and ILPs
- a whole school engagement with yoga principles.

Our school will improve student outcomes by:
